

WW2 Artefacts Question and Answer Virtual Session

Teacher's Notes

This discovery session focuses on exploring the artefacts available in the WW2 loan boxes. These boxes are 'Air Raid', 'Rationing', 'Home Front' and 'WW2 Toys'.

Ideas to develop prior to the session

Pupils should look at and handle (following our Covid-19 handling advice) the artefacts in the loan boxes.

They could then research the artefacts in the loan boxes and come up with 3 questions or more about an object that they are interested in as this will stimulate a conversation with the Formal Learning Officer during the Virtual Session. They could also write down some interesting and unusual facts that they would like to share with the Formal Learning Officer.

The Virtual Question and Answer session will last 30 minutes. It is hard to see who would like to speak during a virtual session so please ensure that as many pupils as possible get a chance to interact with the Formal Learning Officer during the session.
